
Laboratory Technician

Equaly SA, specialized in Biotechnology, is looking for a **laboratory technician**

Main Localisation

Brussels Life Sciences Incubator (BLSI)
Clos Chapelle-aux-Champs 30
1200 Bruxelles (*UCL campus*)

Contract

Full-time, starting with 1-year limited renewable time contract, potentially followed by an unlimited time contract, immediate commitment.

Context

Equaly, young startup in biotechnology, is seeking laboratory technicians for various tasks, from conventional immunochemistry, to cell culture, laboratory animal handling, cell imaging, molecular biology and genomics. Equaly is firmly driven by innovation and clinical applications of such innovation, with a particular interest in diseases for which there is an urgent request for therapeutic solutions.

Project

The various projects followed by Equaly share a common denominator, which is the development of new therapeutic tools from innate or natural immunity.

Job function

The job lies at the crossing of all the disciplines alluded to above, in a context of integration in a multidisciplinary group, allowing progressive acquisition of skills and autonomy in one or several of disciplines. As a start-up the challenges can be diverse and off the beaten track. Lab technicians also ensure the proper maintenance of laboratories and equipment.

Qualifications required

A bachelor level diploma in laboratory technology, related to life sciences, biology and/or biomedical, for a dedicated person, enthusiast and reliable, with a strong sense of initiative and team spirit. He or she should be fluent in English and have a certificate for laboratory animal handling is considered a plus.

Proposal

Equaly offers a collaboration, within a newly emerging startup, in a dynamic environment, for a team work on innovating projects orientated towards the resolution of major ethical issues. An attractive contract with extra-legal advantages and including a possibility for additional training is part of the deal.

Why should you join us?

If you are ambitious, dynamic, convivial and ready to roll your sleeves up, and if you wish to embark on a social mission, this job is carved for you.

Interested joining us?

Please send your CV and cover letter to Equaly's CSO/CEO, Jean_Marie Saint-Remy, at the following address info@equaly.be
